

CONDITIONS FOR ACCEPTANCE

Isocyanates

EURAL code	080501*
Waste code	003001

DESCRIPTION

Liquid and solid isocyanates (MDI, TDI, etc.)

ADDITIONAL CONDITIONS

General conditions:

TDI cannot exceed 1 tonne per delivery, unless otherwise agreed.

No other waste streams that do not meet the conditions.

Packaging conditions:

- The waste must be packed in drums that are in good condition and that comply with ARAB and ADR legislation.
- The drums must be delivered on a pallet and be tightly secured together.
- The packaging in which the waste is delivered, including the pallets on which the waste is stacked, will be regarded as lost packaging.
- The chemical name of the waste must be clearly mentioned on any packaging.
